SAGARPUR - DELHI 110046

## CERTIFICATIONS

- RESPONSIVE WEB DESIGN - FREECODECAMP
- JAVASCRIPT ALGORITHMS AND DATA STRUCTURE - FREECODECAMP
- FRONT END DEVELOPMENT LIBRARIES - FREECODECAMP
- REACT - FREECODECAMP
- BASIC(MS OFFICE) - I-TEC

## EDUCATION

- 2022 - 2025  
MDU UNIVERSITY
- Bachelor's In Computer Applications

## SKILLS

### LANGUAGE

- Html, Css, Javascript
- Saas - ( preprocessor scripting language)

### LIBRARIES

- jQuery
- React
- Redux

### TOOLS

- Vs Code
- Git
- GitHub
- Figma

### FRAMEWORKS

- Tailwind
- Bootstrap

## PROJECTS

### Using This Technologies

LANGUAGE BASED

Html, Css, JavaScript

- Developed responsive websites, including a personal portfolio and tribute page, using HTML, CSS, Flexbox, and Grid.
- Built and optimized algorithms, applying ES6 features, OOP, and functional programming concepts.

### Using This Technologies

LIBRARIES AND  
FRAMEWORK BASED

React & Redux

- React Projects: Developed interactive web applications with React, managing state with hooks and creating dynamic UIs using reusable components and i also created some projects like youtube UI clone etc.
- Redux Integration: Implemented global state management in complex applications using Redux, ensuring predictable state changes and optimized performance.

### Using This Technologies

FULL STACK PROJECT

Tailwind, React, Redux, Appwrite & Others

- Developed a To-Do web app with user authentication (login/logout) using Appwrite services.
- Enabled file and image uploads for users to manage their content.
- Integrated TinyMCE (React) to provide an MS Word-like text editor for post creation and editing.
- Implemented post preview functionality, allowing users to review content before submission.
